

The OFI Monthly

◆ January 2026 ◆

Welcome to 2026: A Year Rooted

As we turn the calendar to 2026, Omni Family Institute is stepping into a year defined by purpose and progress. In December our team huddled to reflect on 2025, plan for the new year, and define our vision for 2026. Together with our partners, we will make this vision a reality:

In 2026 OFI will foster a future of sustainable growth, driven by intentional and innovative pathways that empower our team and community partners to create connections that transform lives and communities, until everyone thrives.

This isn't just a statement—it's a commitment. Every training we launch, every partnership we strengthen, and every conversation we have will reflect this focus on growth, impact, innovation, and connection.

In March, our **Cultivating Connection Summit** will ignite this vision! During this one-day event, you will hear from dynamic speakers, have opportunities to network with other changemakers, and stir your passion for serving families, children and communities. This is where vision meets action and connection becomes a catalyst for transformation. We'd like to personally invite you to join us for this amazing event. Learn more below and be a part of the conversation, the collaboration, and the change!

We can't wait to see you in Austin, TX!

Registration is now open for our February TFTC Virtual Staff Training and Agency Master Trainer Institute.

In addition, don't forget to register for our TFTC-Family Edition Info Sessions! These upcoming sessions offer a closer look at how the Family Edition supports caregivers and families through connection, consistency, and hope-centered practices. A link can be found in the training calendar, below.

Whether you're joining us online or in person, these opportunities are about more than training—they're about investing in people, strengthening teams, and creating environments where hope can grow.

With appreciation and hope,

Mindy Kiser & Team

Cultivating Connection

Together We Thrive

Empowering Teams

In December, we were honored to guide a group of dedicated professionals through our Hope-Centered Caregiver Training in collaboration with the Family Focused Treatment Association (FFTA) State of Michigan Chapter. Hope-Centered Curriculum, developed in partnership with the Hope Research Center. A special thank you to the MI FFTA Chapter for putting together this opportunity. If your interested in learning more about our Hope-Centered Curriculum, [please click here to contact us.](#)

Thank you MI FFTA for hosting us!

In January, we look forward to sharing with community partners about our brand new curriculum, Together Facing The Challenge- Family Edition.

If you haven't registered for that learning opportunity, please do so with this link: <https://qew0i.share.hsforms.com/21CwwCcUhQeWui4ldBo5-pA>
